You have been certified on the ISO 31000 with the G31000 Institute in the past. As you know the standard has undergone its first major revision since 2009 to incorporate changes made following feedback from users and experts around the world, notably from the popular LinkedIn discussion forum and its 65,000 members. It is now reinforcing the link between risk, performance, uncertainty and decision-making.

In order to upgrade your C31000 international certificate, we are proposing you to follow an intensive three (3) hours courses on the modifications effected in the 2018 version.

It will be followed by an examination consisting of 20 questions to be answered in 30 mins. As before the correction will be done immediately and retaking the exam, if required, is free of charge.

Please bring along your own copy of the standard – it may be purchased (titled SANS 39000:2019) from SABS at <https://store.sabs.co.za/sans-31000-2019-ed-2-00-2>  
(Cost = R 435.18)

Link to the ISO website : <https://www.iso.org/iso-31000-risk-management.html>

Those holding the AT31000/CT31000 certificate for Approved or Certified ISO 31000 Lead Trainer will receive an update of the ISO 31000 certification course PowerPoint slide deck.
