Call +234 81 81 803 779

You have been certified on the ISO 31000 with the G31000 Institute in the past. As you know the standard has undergone its first major revision since 2009 to incorporate changes made following feedback from users and experts around the world, notably from the popular LinkedIn discussion forum and its 95,000 members. It is now reinforcing the link between risk, performance, uncertainty and decision-making.

In order to upgrade your C31000 international certificate, we are proposing you to follow an intensive Five (5) hours courses on the modifications proposed in the 2018 version.

It will be followed by an examination gathering 20 questions to be answered in 1 hour. As before the correction will be held immediately and your hard copy of the ISO 31000:2018 certificate could be sent to you shortly.

Link to the ISO website : <https://www.iso.org/iso-31000-risk-management.html>

Those holding the AT31000/CT31000 certificate for Approved or Certified ISO 31000 Lead Trainer will receive an update of the ISO 31000 certification course powerpoint.

For registration, contact us on olawaleawosina@yahoo.com
